WHAT IS OUR PRODUCT?

Main Features

- Easily calculate materials needed for home renovation projects (*painting*, *flooring*, or *roofing*)

- Available on iOS & Android

- Augmented Reality (AR) camera feature for accurate surface measurements

- Connect contractors with potential clients for project opportunities

*Eventually, we want to serve as a hub for all types of home renovation needs

WHAT ISSUES DO USERS CURRENTLY FACE?

Problems

- Difficulty in accurate material estimations for DIY projects

- Inconvenience of using traditional rulers and measuring tools

- Lack of streamlined process for estimating materials in various projects

- Challenges in finding and hiring contractors for home improvement

HOW DOES RENOVISION HELP?

- Eliminate the need for rulers, calculators, paper, etc.

- One-click estimation feature for quick and accurate project material estimates of several types of projects

- "Become/Find a Contractor" platform connects users with skilled professionals

- Streamlined process for hiring contractors and getting project estimates
